# HarshYadav

I am an experienced Game Developer with over 2 years of hands-on experience in utilizing Unreal Engine for game development, building projects related to metaverse and Virtual Reality (VR) projects.

## WORK EXPERIENCE

### Highavenue Creative Labs Pvt Ltd--Game Developer(June 2023-Current)

I am actively engaged in developing a product centered around crafting compelling video outputs complete with captivating storylines and immersive experiences. My role involves leveraging Unreal Engine, harnessing the power of both Blueprints and C++, to create dynamic content tailored to meet the needs of various industries.

### ArkhamArkhives--GameConsultant(May/2023)

Providing expert guidance and support to individuals or organizations using or planning to use the Unreal Engine for various projects.

### Hyperreality Technologies(Intern) --Game Developer(Sep/2021)

During this period, I focused on utilizing Unreal Engine, employing both Blueprints and C++, to develop immersive solutions for the real estate and VR training sectors. My work emphasized pixel streaming technology and UI design, ensuring seamless user experiences and high-quality visual presentations.
